

SAT/ACT* Boot Camps

Omega Learning® Centers offer customized Test Prep camps during the summer that are designed to target and improve your student's scores in math, reading, writing, and vocabulary. Omega's teachers provide strategic remediation, mock testing, guided instruction, and strengthened critical-thinking skills.

Omega Learning® Centers offer customized Test Prep camps during the summer that are designed to target and improve your student's scores in math, reading, writing, and vocabulary. Omega's teachers provide strategic remediation, mock testing, guided instruction, and strengthened critical-thinking skills.

Students receive a free full-length evaluation test in a simulated and proctored environment, where they are able to experience the testing process, before taking the "real test." Test results also provide our Boot Camp teachers with the insight needed to strategically target test sections and skill gaps.

SAT/ACT* Boot Camp Package †

16
Hour **\$720 (\$45/hr)**

Summer Reading Enrichment

Our certified teachers help students develop and improve the fundamentals of Reading and English/ Language Arts (ELA). Our highly-effective summer program includes strengthening sight words, fluency, vocabulary, comprehension, grammar, language arts, and writing skills. In our Cognia® learning environment students build vital critical-thinking skills needed for acquiring a deeper understanding of more complex reading passages.

Summer Writing Enrichment

Let a certified teacher help your student develop and improve the fundamentals of Writing, including structural and creative writing skills, research, writing fluency, grammar, punctuation, editing, revising, and handwriting. In our Cognia® accredited learning environment students benefit from Omega's exclusive OutpAce® curriculum and parents love our daily tutor progress updates.

Summer Math Enrichment

Fill skill gaps and preview fall math curriculum to get a jump start on the upcoming school year at Omega Learning® Center this summer! Omega's certified teachers help students develop and improve upon fundamental math concepts, including basic calculation skills, math facts fluency, word problems, and math reasoning. Through Omega's enrichment-based OutpAce® curriculum, students build vital critical-thinking skills needed to apply simple math to more advanced, multi-step concepts.
